Certificate of Incorporation.

NO. 6157.

COMMONWEALTH OF MASSACHUSETTS.

Be it known That whereas George Kempton, Cyrus A. Noyes and Richard L. Fortney have associated themselves with the intention of forming a corporation under the name of

NEW ENGLAND MERCHANDISE COMPANY,

for the purpose of buying, selling and dealing in all kinds of general merchandise and commodities on its own account and on commission, * * * * * and have complied with the provisions of the Statutes of this Commonwealth in such case made and provided, as appears from the Certificate of the President, Treasurer and Directors of said Corporation, duly approved by the Commissioner of Corporations, and recorded in this office.

Now, therefore, I, WILLIAM M. OLIN, Secretary of the Commonwealth of Massachusetts, do hereby certify that said George Kempton, Cyrus A. Noyes and Richard L. Fortney, their associates and successors, are legally organized and established as and are hereby made an existing corporation under the name of

NEW ENGLAND MERCHANDISE COMPANY,

with the powers, rights and privileges, and subject to the limitations, duties and restrictions, which by law appertain thereto.

Witness my official signature hereunto subscribed, and the seal of the Commonwealth of Massachusetts hereunto affixed, this first day of February, in the year of our Lord one thousand eight hundred and ninety-five.

WM. M. OLIN,

Secretary of the Commonwealth.

To Our Members

An additional discount of from 5 to 15 per cent. from Catalogue prices will be given members. This percentage of discount will be governed by the market price at time your order is received, and will be allowed on your bill or placed to your credit on our books subject to your order.

Any member who wishes to know the "NET" price can find out by writing to the office before ordering. In this way we are enabled to keep close with market changes and insure bottom prices at all times.

ANNOUNCEMENT.

THE NEW ENGLAND MERCHANDISE COMPANY was organized for the purpose of furnishing direct to consumers all kinds of merchandise supplied to the trade, at a trifle above the cost of manufacture. The Company was organized in 1892, and incorporated in 1895, under the laws of the Commonwealth of Massachusetts.

We do a strictly cash business, so we have no losses from bad debts, and incur no liabilities. In this way we aim to do a safe business and at the same time insure to our customers the lowest possible prices.

We do not carry any stock and therefore do not have to invest large sums of money on which interest would have to be paid by our patrons, as under the old way. Besides goods carried in stock are always depreciating in value, whereas, by our method of dealing our customers always get new goods. We buy only upon orders from our patrons, each of whom is furnished with our large catalogue which gives cuts and prices. We also keep each patron supplied with order blanks and return envelopes. When the order for merchandise is received by us it is filled direct from the Wholesale House, thus saving the unnecessary expense of re-handling the goods. In this way we utilize the services of the Clerks and Shippers of large Wholesale and Jobbing Houses in favor of our customers instead of employing a large army of our own which would otherwise have to be paid out of the profits and therefore out of the pockets of consumers.

Besides the saving in the matter of clerk hire and the direct shipment of goods, we save our customers the enormous rents and other expenses connected with the carrying of a large stock of goods, such as fuel, light and insurance.

Wherever possible we ship goods direct from the manufacturers, because not only can we effect a more substantial saving to our customer, but Manufacturers take special care in packing and crating goods for shipment, which insures safe delivery. We ship Carriages, Ranges, Pianos, Organs, Sewing Machines, etc., in this way especially.

By paying cash we are entitled to, and receive, all the cash discounts that are allowed by manufacturers to their best trade, the same as though we carried a large stock. The reason of this is that we have a large number of regular enrolled cash buyers, a great many of whom are sending in orders at once. This enables us to buy in fairly large quantities, and in the course of a year our trade with the different firms amounts to more than if we carried a stock.

We feel satisfied that our method of doing business must appeal strongly to the practical judgment of every lover of economy, and that the coming years will bring to us an increased share of patronage which we solicit without any disparagement whatever to the business of any retail dealer. It is only a matter of time when the most incredulous will find this is the proper way to do business.

The only way for a skeptical person to become convinced of the advantages we offer is to try us. There is no lesson so strong as an object lesson, and we invite each one who receives our catalogue to send in his orders and give us a fair and thorough trial.

The rapidly increasing influence of our company is enabling us to steadily diminish the difference between the actual cost and the selling price of all commodities, and to more successfully combat against those branches of trade where the effects of monopoly are most manifest.

Instructions.

OUR TERMS are strictly cash. It is not possible for us to give credit at the prices we quote.

GOODS SENT C. O. D. to any address if 20 per cent. of the amount of bill is enclosed with order. This sum will be deducted from the bill and C. O. D. will be for balance only. It will save you the charges for the return of the money if you enclose amount in full with order, and will enable us to send goods by freight which will save you in the cost of transportation. (Our patrons usually adopt this course.)

ORDER by the number of article and the page in the catalogue and your order will be correctly filled. To avoid mistakes use our order blanks which we furnish free on application.

SEND MONEY by cashier's check, P. O. Money Order, Express Money Order, or Registered Letter.

ALL LETTERS OF INQUIRY should have a stamp enclosed.

WHEN ORDERING GOODS SENT BY MAIL enclose stamps to pay postage., at the rate of one cent per ounce.

OWING TO MARKET CHANGES we are frequently able to make a reduction from catalogue prices. In such cases we return you the difference or place same to your credit on our books. If prices advance we add the difference. In this way you get the lowest possible price at the time you order.

YOU ARE NOT LIMITED TO OUR CATALOGUE. It is our object to supply anything sold to the trade, whether listed in our catalogue or not. Write us, enclosing stamp, and we will gladly quote you prices on anything you may wish.

SEND IN YOUR ORDER a week in advance if convenient. We frequently have many orders coming in at one time which have to be filled in their turn. Orders for holiday goods especially should be sent in in time to avoid the usual rush.

TRANSPORTATION. ORDER your goods in as large quantities as your needs will permit. It will not cost you any more for 100 lbs. by freight than for one pound. Freight and Express rates are very low for the New England States owing to competition and short distances. We advise you to order anything under 50 pounds sent by express; anything over that should be ordered by freight. We deliver nearly everything except hardware, free on board the cars, and do not charge for boxing, crating, or carting.

MAIL ALL orders to us direct.

N. E. MERCHANDISE CO.,

No. 64 Federal St., Boston, Mass.

A Few Dont's

DON'T compare our prices with those of local dealers for the purpose of "jeweling." Their goods might be either better or cheaper in quality than ours, which would account for the difference in price. The only way to compare prices is to also compare quality. This we are willing to have done with any in the market, but such comparisons should seldom be made. Our object is to not antagonize any one else in their business but to do a straightforward business on our own merits.

DON'T become frightened by what some outside party may say against us. We have learned of one or two instances where a small-minded dealer has employed emissaries to circulate reports about us for the sole purpose of alarming our patrons, such as—that we "have no place of business here," and that we are "humbugs," etc., etc. Most of our members are intelligent enough to see through their scheme. Dealers of course are naturally anxious to hold your trade, but let them do it in a manly way by honorable competition. Please note that we are Incorporated, and under Massachusetts laws. (See Inside page of first cover.)

DON'T think that because we do not live next door to you we are unsafe to deal with. Remember it is not the man who lives and does business nearest to you that is necessarily your neighbor. We have our reputation at stake and will prove to you by actual dealings that we do a square business and that we can save you money. We merely ask you to give us a fair trial.

DON'T forget about us when you get ready to purchase any goods. We are anxious to save you money. This is what you paid your fee for, and if you do not patronize us DON'T blame us if you do not derive any benefit. There is not a single patron but what can actually save several times his fee the first year if he will patronize us. Many of our patrons have saved several times the fee on a single purchase. (See testimonials, third page of cover).

DON'T imagine you are so shrewd a buyer that we cannot do you any good. There are many lines on which you are not posted. Our buyers are familiar with prices and values in each Department, and will give you the benefit of their knowledge in buying for you. Goods, well bought are half sold."

DON'T expect too much of us. We do not offer to give you something for nothing. We guarantee, however, to furnish reliable goods at a discount of from 10 to 40 per cent., from what is actually charged for the same thing at retail in most localities.

DON'T condemn us if we should make a mistake, but write us and give us an opportunity to correct it. Any firm will make some mistakes but all are glad to correct them. We do business on business principles.

DON'T think you will get "cheap goods" if you order from us. We do not catalogue any trash. We aim to furnish only such merchandise as we feel confident will please a good class of trade.

DON'T take up our time writing for prices if you do not mean to do business with us. We have heard of instances where patrons have written us for prices for the sole purpose of "beating down" their local dealer. This is not right. Besides we can not afford to waste our time in this way. We are glad to quote you prices but we expect you to regard them as *confidential* and that you will reward our pains by ordering from us if prices are satisfactory.

Boot and Shoe Department.

We make a Specialty of furnishing boots and shoes by mail and our experience in this line enables us to fit the most fastidious customer

In Ordering be careful to state size, width, and style of toe and whether lace, button or congress is desired.

Remember we will gladly exchange anything in this department if the goods are returned within a reasonable length of time after they are received.

The Widths of ladies' shoes are represented by letters and men's by figures and signify as follows:

Ladies.	Mens.					
A	2	-	-	-	-	Extra Narrow.
B	3	-	-	-	-	Medium Narrow.
C	4	-	-	-	-	Narrow.
D	5	-	-	-	-	Medium.
E	6	-	-	-	-	Wide.
EE	7	-	-	-	-	Extra Wide.

WE SUBMIT TO OUR PATRONS THE MOST COMPLETE LINE OF SHOES EVER OFFERED TO THE PUBLIC BY ANY SINGLE FIRM IN THIS COUNTRY. YOU WILL FIND ALL THE LATEST STYLES AND VARIETIES IN THE FOLLOWING DESCRIPTIVE PRICE-LIST.

Ladies' Department.

Time and expense have not been spared to surpass all previous records in this—one of our most important departments. New lines, new styles and new patterns have been so combined as to make these goods worthy the attention of the most careful and critical tastes.

We make a specialty of Ladies' and Misses' shoes and take great pains in the selection of styles and fit to suit our mail order customers. This will be appreciated by all who are limited to the small variety that is usually carried in stock in the smaller towns and villages. State what is wanted and we will get it if it is manufactured, whether it is found in the following list or not.

PRISCILLA.

A neat, stylish and dressy shoe, genuine Goodyear welt, soft, fine uppers, and solid oak leather bottoms. Widths A to E.

OUR "B" LINE.

We wish to call your attention to this line, which cannot "B" beaten.

The uppers are cut from genuine South American Dongola, which is a soft, pliable and durable stock.

The lining is a heavy Standard drill, the counter sole leather, and all are made with flexible leather innersole. Nothing but leather enters into the make-up of these shoes, and they are *solid as a rock*.

We feel that in recommending this line to you, we are saying none too much when we assert that this line of goods is the *Best* in the *Market* for the *Price*.

Watch Department.

The most inexperienced buyer in the world can order a watch from us with the full assurance of getting reliable goods. There are so many cheap watches flooding the country which are worthless; that our motto in this department is not how *cheap*, but how *good* an article we can furnish. We do not list any watches but what have good reliable movements and are guaranteed to us to be correct time pieces. The quality of the case and movement will be found exactly as represented by the description or money refunded.

Silverware.

We have selected Rogers Bros.' Silverware for this department on account of its reputation for reliability and wear. Although it comes a little higher than some other brands our patrons will, we believe, feel satisfied to know they are getting the best, realizing there is hardly any other line of goods in which there is so much room to be deceived as to the quality, as in silverware. Any other brand of ware furnished if desired.

Grocery Department.

You can rely on our sending you nothing but first class groceries. We buy direct from reliable importers and your orders will be filled direct from their hands, insuring you new and fresh goods. We list only such groceries here as we are satisfied we can make an object to you to purchase through us. On most other kinds it would be about as cheap for you to buy of your local grocer. There is a good margin to be saved on the goods listed however, and it will pay you to deal with us exclusively on these lines. Make your order as large as your needs will justify, as the freight is no more for 100 pounds than for one pound. Prices are of course subject to the regular market fluctuations. We give you the benefit where prices lower by rebate on your bill.

Refrigerators.

THE "WISCONSIN PEERLESS."

It Received the Two Highest Awards Made for Refrigerators at the World's
Columbian Exposition.

EACH AND EVERY CLAIM OF THEIR SUPERIORITY WAS ALLOWED BY THE JUDGES OF AWARDS.

In presenting this line of refrigerators, we feel satisfied they are the best that science and money can produce. The "Wisconsin Peerless" Refrigerator was selected from among all the exhibitors at the late World's Columbian Exposition in Chicago, as being the worthy of exhibition in the National Museum of Hygiene, at Washington, D. C. As none but the most perfect article in each of the Art is admitted to this Museum, the selection speaks volumes for the merits of the "Wisconsin Peerless." It is the only refrigerator with flues that do not have to be removed to be cleaned. It is the only refrigerator with an Ice Rack that will not sag or forming hollows in the metal top; these hollows hold the water from the melted ice and so help to melt the ice itself. The ice of the "Wisconsin Peerless" is formed of Galvanized Steel Beams, which cannot bend or break with any ordinary usage. It is the refrigerator discharging the drip water from the ice, at the front, and outside of the Refrigerator. By the use of our new trap, the drip water can be placed in plain sight at the front of the refrigerator and all danger of overflowing drip pan is avoided. It is the only Refrigerator that has no Elm or other inferior wood used in its construction. It has seven walls as follows: Outside case of Hard Ash; 2d, Building Paper; 3d, Mineral Wool; 4th, Building Paper; 5th, Dead Air Space; 6th, Inside case of Odorless Wood; 7th, Zinc Lining.

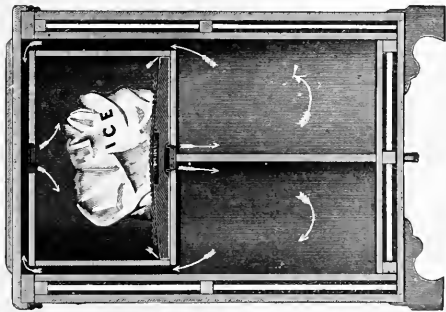

It is filled with the most perfect insulating material ever known to science, Mineral Wool. The manufacturers of this refrigerator after exhaustive experiments decided upon Mineral Wool as the most perfect non-conductor for use in Refrigerators and their opinion is verified by the following table, which is abridged from the result of a series of experiments made by Mr. J. J. Coleman of Glasgow, for the Philadelphia Society of that city, and shows the heat conducting powers of different materials used for conserving heat and cold:

Mineral Wool.....	100.
Hair Felt.....	117.
Sheep's Wool.....	136.
Charcoal.....	140.
Sawdust.....	163.
Wood and Air Space.....	280.

Mineral Wool is a vitreous substance made of Scoria and certain rocks and converted, while in a melted condition, into a fibre resembling wool or cotton, hence the name Mineral Wool. It is composed of countless fibers, which cross each other in all directions and so form thousands of air spaces. We guarantee it absolutely against settling, shaking down or sifting through.

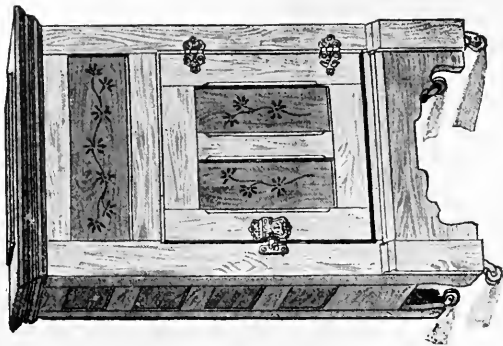

WISCONSIN PEERLESS.

DRY AIR. MINERAL WOOL FILLING. CLEANSABLE FLUES.
SEVEN WALLS TO PRESERVE ICE.
GALVANIZED STEEL BEAM ICE RACK.

The arrows in the above cut indicate the direction of the air currents. As everyone knows cold air is bound to fall, and warm equally certain to rise. Recognizing this simple fact, we have (as an inspection of the above cut will show) planned our interior construction in such a manner that an absolute and continuous circulation of pure cold dry air is assured. The air in the Provision Chamber becoming more or less warmed by contact with the food or other articles contained therein, expands, and consequently rises, taking with it the vapors and impurities constantly exhaled from the provisions. The only course for this rising air to take, is through the flues, opening from the top of the provision chamber on either side. Ascending these flues, and passing through our PATENTED CLEANSABLE SIDE AND TOP FLUE system, the air is discharged upon the ice, passing over and around the ice, and becoming thoroughly chilled the air seeks an outlet. This it finds at the bottom of the Ice Chamber, but not until it has passed completely under the ice and has deposited on the metal plates of our patented GALVANIZED STEEL BEAM ICE RACK the vapors and impurities that it contained. These impurities are carried off with the water from the melted ice through the drain pipe. *Note that by our system we send the air completely around the ice, giving it the longest possible contact with its cooling surface, and do not take it through the side of the ice chamber.*

HARDWOOD HOUSEHOLD REFRIGERATOR.

The above Cut Shows style of Numbers 1 and 1A.

Made of best Ash or Oak lumber, kiln-dried, finished Antique, Antique cast brass trimmings. Automatic lever locks. Diss casters. Handsomely finished.

Dimensions and Prices.

No.	Width.	Depth.	Height.	Shipping Weight.	Ice Capacity.	Retail Price.	Our Price.
1.	25 in.	16 in.	41 in.	115 lbs.	25 lbs.	\$15.00	\$ 9.00
1A.	27 in.	19 in.	43 in.	135 lbs.	40 lbs.	18.50	11.10

Nos. 00 and 00A are our Nos. 1 and 1A with the addition of a porcelain lined water cooler, nickel plated faucet and bracket for glass.

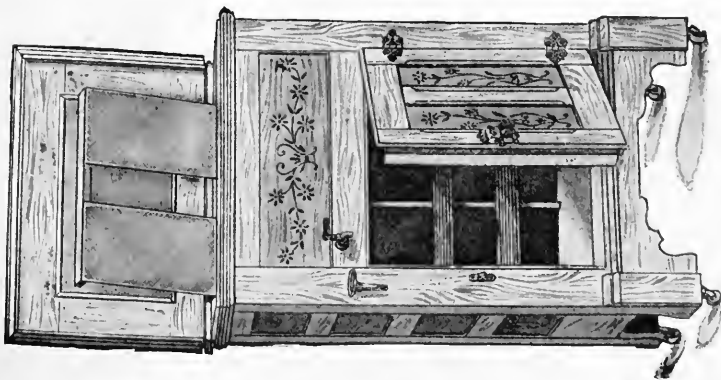

They are very popular owing to the fact that a supply of Ice Water is always on hand without the bother of breaking Ice to put in a pitcher and also that they obviate the necessity of placing *Impure Ice* in drinking water. The water is cooled by outside contact with the Ice. (See cut No. 30 to 31, page 61.)

Carriage and Wagon Department.

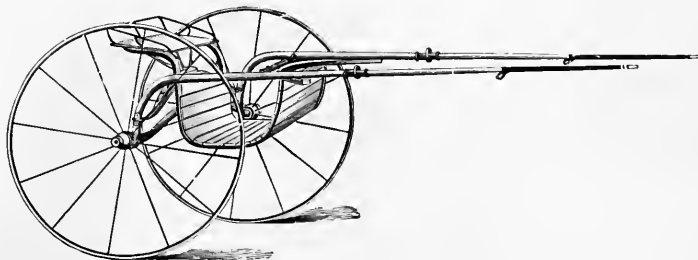

We have here a line of carriages and wagons which we have no hesitancy in pronouncing **A1** in every particular. They are all made by an old and celebrated Company. They are made of the right kind of material and for style, workmanship and finish, are unequalled. The manufacturers are members of the Carriage Builders' National Association and fully warrant every vehicle. The following is the regular form of their guaranty.

GUARANTY.

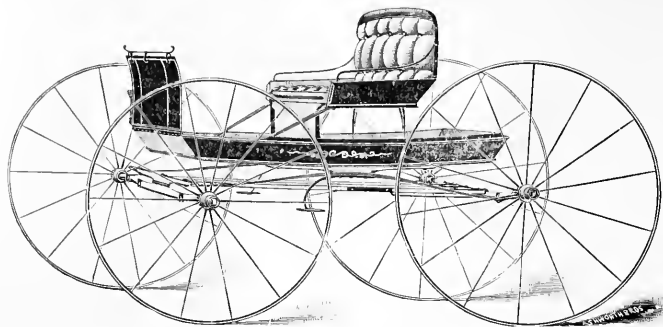

The Wagon or Buggy is guaranteed, with fair and reasonable use as a private vehicle, for one year from date of purchase. If any part of said carriage shall fail, by reason of imperfect material or workmanship, the seller hereby agrees to make good such defects, free of expense to the purchaser; but nothing in this agreement shall render the seller liable to make good any damages to paint and varnish resulting from the action of ammonia or extraordinary exposure to the elements, nor shall the seller be required to reset the tires, or renew tires worn out within the period above named.

We ship these carriages to you direct from the factory on receipt of order. Each one is carefully crated, everything being securely fastened so as to prevent rubbing of varnish or damage in transit.

If you are in need of a buggy, or surrey, or wagon, you can make no mistake in ordering one of these. We are satisfied they are the very best and only high grade vehicles that can be obtained at the low figures we quote. You can rely upon there being not a single "cheap" wagon in the entire list, which is the most complete line ever presented by any firm. The retail prices we quote are what these articles actually retail for at the lowest cash prices.

Sleighs.

We can furnish you any kind of Sleigh or Pung desired. Write us for special cuts and prices.

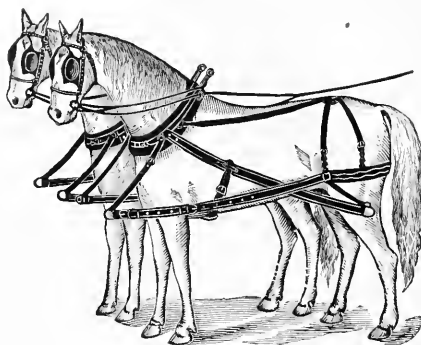

Harness Department.

In the following list we have described only such harnesses as we know to have been tested by actual usage, and we warrant them to give satisfaction. They are all made of Oak Tanned Stock, and as we sell so many of them we are able to quote you lower prices even than is frequently charged for an inferior grade.

Our experience in this department convinces us that it does not pay to buy a "cheap" harness. While we can furnish a cheap harness if especially ordered, in a majority of cases we recommend that our patrons pay a little more and get a good harness.

TEAM HARNESS.

No. 10. DOUBLE TEAM HARNESS.

Traces, 1 3-4 inch, double and stitched chain ends. *Hames*, wood, high top ball. *Breechings*, folded, 2 1-2 inch. *Hip Straps*, 1 inch. *Side Straps*, 1 3-4 inch, to hook to spreader in front. *Bridle*, 3-4 inch, winkers and spotted nose pieces. *Martingale*, spotted.

Woven Wire Mattress, supported by Spiral Springs ; Cotton Top.

Length, 6 feet ; Width, 50 inches.

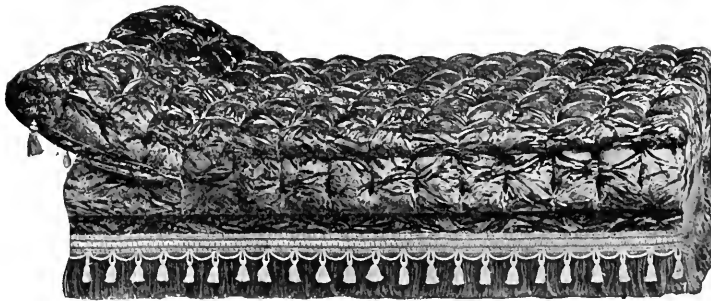

The advantage of our Sofa Bed over others is that the back lets down and forms part of the Bed, and the seat folds over only once as in an ordinary bed lounge.

**NO. 496 IMPERIAL COUCH.**

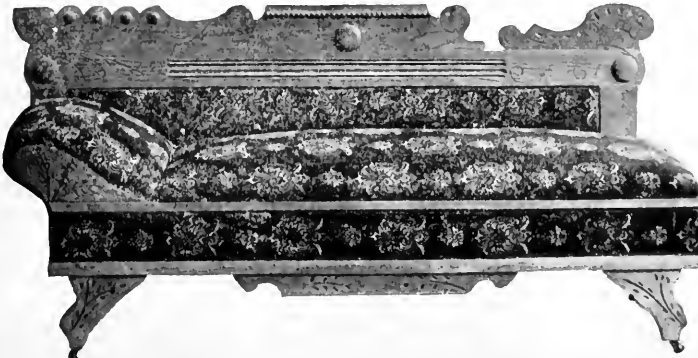

Size, 79 x 25.

This is undoubtedly the best and most complete Couch on the market; stuffed with moss and hair, full spring edge.
Pillow can be raised and lowered.

PATENT RECLINING CHAIR—WALNUT OR OAK.

Springs in Seat and Back. Best and Cheapest in the Market.

Our Chair has many advantages possessed by no other. The arm being hinged to the back, is drawn backward on its rail with the back, and furnishes the same rest for the arm at all points; at the same time the arm is securely held at any desired point by devices which will neither slip nor get out of order. In other chairs the back is drawn away from the arm, and a gap is left between them, and the arm of the sitter either has no rest at all or strikes against the sharp corner of the rail left uncovered by the movement of the chair back.

Dry Goods Department.

FINE DRESS GOODS.

We can save you from 15 to 25cts. per yard on the finer grades of dress goods, such as Henriettas, French Cashmere, India Twills, Serges, Camels Hair, Ladies' Cloth, Broad Cloth, Silks, Satins, Velvets and all other standard goods ranging in price from 75cts. per yard, upwards.

SPECIAL NOTICE. To all who request, we will send samples free of charge, only asking that the kind of goods, range of price, and colors wanted be explicitly stated, so we can send you just what you want instead of a great lot of samples which are no use to you. In ordering from samples always state first and second choice, as frequently the first is out of stock by the time the sample is returned.

DRESS GOODS.

The cheaper woolen goods and cotton fabrics are sold on such a narrow margin that the saving at best would be small. However we will act for our patrons in the capacity of purchasing agents and furnish them whatever they may order at the lowest possible price. Our out of town patrons can, through us, have the advantage of the greater selections of the city and the benefit of Special and "Marked Down" Sales. We quote a few special prices below.

STANDARD CAMBRICS.

	Retail.	Our Price.

Clothing Department.

We have had remarkable success in pleasing our mail order customers in this department. Ordering clothing without trying it on, seems new to a great many, but our experience justifies us in soliciting your patronage in this line. Send us your measurements according to directions given below, and if you do not find anything here that suits you describe what you want. State price you are willing to pay and we will fill your order carefully, giving you the best thing that can be obtained for the money. We will send samples of standard goods on application, showing quality of cloth and price of suit or overcoat, from which you can select. The list prices given here are the lowest prices at which these goods retail for cash in Boston.

Bicycles.

THE BOSTON.

There is scarcely any business which has felt so strongly the grip of the hand of monopoly as the BICYCLE TRADE. The difference between the actual cost and the selling price has been so enormous that it has excited much protest and is felt by many to be a public outrage. We have long felt that as the actual cost of the most expensive bicycle does not exceed \$40, purchasers should not pay \$100, and upward for a machine.

We are glad to announce that we have succeeded in procuring a bicycle (The Boston) which is admitted to be as good as any \$100. machine on the market, which we can by special arrangements, furnish to our patrons at a trifle over half that sum. If you have any particular Bicycle in mind which you prefer write us for prices before purchasing. We can supply almost any make but recommend the Boston as being as good as the best and the price is within the reach of all.

THE BEST MACHINE IN THE MARKET.

28 Pounds

THE BOSTON.

Model 1895.

Frame. New pattern Diamond, with long wheel base. Made of Credenda cold-drawn seamless steel tubing and steel drop forgings throughout. No castings used in its construction.

Wheels. 28 inches. Wood rims with tangent spokes and brass nipples, fitted with pneumatic tires, M. & W., with inner tube 1 3-4 inch, to front and rear wheel.

Steering Fork. Credenda seamless steel tubing. Adjustable nickled coasters.

Handle Bar. Made of 13-16 Credenda cold drawn seamless steel tubing, properly curved downward and backward and brought well into place for rider. Fitted with composition cork and rubber grips.

Bearings. All tool steel, properly hardened and absolutely dust-proof. Ball bearings to wheels, crank axles, pedals, and steering head.

Cranks. Round, drop forged, detachable, 6 3-4 inch throw. Narrow tread.

Pedals. Made of steel, fitted with square rubbers.

Chain. Humber pattern block chain, 1 inch pitch, and true to guage.

Gear. 63 inches. Sprocket wheels detachable.

Saddle. Improved Garford. Tool bag, with pump, patent oiler, and necessary tools.

Finish. All bright parts finely nickled. Japanned with our own special enamel, which without question finishes the wheel in the best possible manner. Pneumatic tires, Morgan & Wright, with inner tube.

Handle Bar. Adjustable.

Write for Prices.

Typewriters.

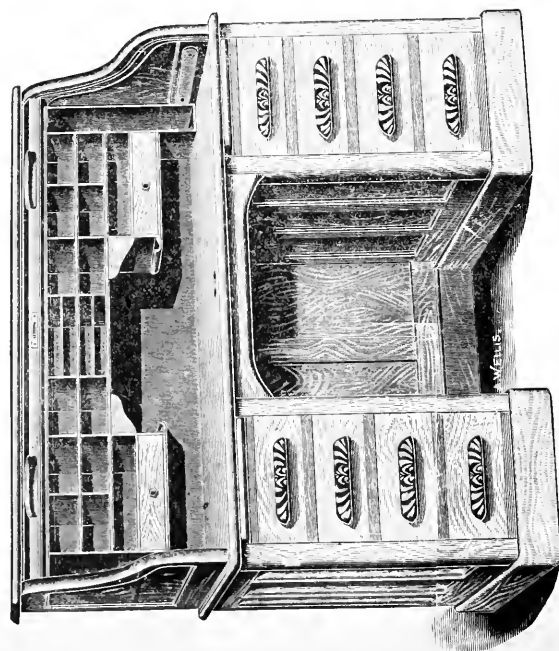

It is a known fact that typewriters are nearly all controlled by a trust and consequently are sold at an exorbitant price. There is no more reason why a typewriter should not be sold at a fair margin than a bicycle, a sewing machine or a piano, and we are glad to say that we have been equally fortunate in this department as in each of the others in obtaining a good article for our patrons at a fair price. The Franklin Typewriter is considered as good as any machine on the market and is the simplest and easiest to learn and to manipulate, and besides having the especially desirable feature of writing in sight. For manifolding or producing carbon copies of letters, the Franklin, with its direct hammer-like blows, gives as good results as the higher-priced machines. Besides it has 400 less parts to get out of order than any other type-bar machine. By special arrangement with the manufacturers we are able to sell this machine for a little over half that sum. We are using one in our own office and prefer it to any we have ever used which includes the Remington, the Premier, Caligraph and Yost. If you are contemplating the purchase of a typewriter do not buy any other.

MEMBERS CAN BE SUPPLIED THROUGH US WITH ANY MACHINE ON THE MARKET, EITHER NEW OR SECOND-HAND, AS MAY BE DESIRED. SEND FOR QUOTATIONS. WE CAN FURNISH CABINET DESKS AND TABLES AT FROM \$5.00 to \$30.00 EACH.

THE FRANKLIN TYPEWRITER.

Retail, \$25.00 Our price, \$19.50.

Book Department.

Our object is to furnish our patrons any book sold to the trade whether printed in this or foreign countries at a discount of from 10 per cent. to 50 per cent. from regular retail prices. It was our plan at first to print here a large list of books, but there being so many different literary tastes among our patrons and such an infinite number of different books by good authors that we at once saw it would be impossible for us to produce a book department within the small space allotted that would be of any practical usefulness. We have therefore decided we can best serve the interests of all who wish to purchase their books of us, by having them write us stating title of books, and if possible the name of the author and publisher, and we will quote prices by mail.

THE ENCYCLOPÆDIC DICTIONARY.

(Americanized.)

A \$40.00 Reference Library for \$2.50 per Volume.

ALL THE VOLUMES NOW READY.

SEE WHAT THIS GREAT BOOK IS.

It is a Complete Dictionary, containing every word in the English language. Every word is exhaustively treated as to its origin, history, development, etymology, pronunciation and various meanings.

It is a Thorough Encyclopædia of Anatomy, Botany, Chemistry, Zoology, Geology, Art, Music, Agriculture, Physics, Philosophy, Mechanics, History, Mythology, Biblical Knowledge, and every subject known to the human intellect.

It is a Superb Library Book, being substantially and attractively bound, printed from new plates, in large, clear type, on heavy white paper, and illustrated with hundreds of new pictures made especially for this work.

The Four Volumes Aggregate 5346 Pages.

It is Larger than any other Dictionary in existence, except the Standard (see next page), while its cost is much less than any Dictionary known.

HOW TO GET THE DICTIONARY.

Send \$10.00 by money order, postal note, or express order and the full set will be forwarded to you at once. Sent by express to any part of the U. S.; express charges to be paid by the subscriber.

VERY IMPORTANT.

We take for granted, that every one of our thousands of members and patrons, know and admit the necessity of having a good dictionary in the home.

A Dictionary is the very foundation of a library. It is the *"sine qua non,"* without which nothing not even the Bible can be understood; therefore, it is the most indispensable book in the world. This is logic as well as business. Now, it follows that the work on which we rely most implicitly, ought to be the most trustworthy. For if we get a wrong idea of a thing from a dictionary, being false, we build many wrong conceptions of fact upon it. Every one knows the consequences. It is better to be an ignorant man than one with perverted notions of truth.

Therein you see the reason why we are anxious that all our friends should know of the completion of the greatest dictionary ever published. We speak advisedly. Others are more enthusiastic.

Listen:

The *New York Herald* says: "The Standard is the *most satisfactory* and the *most complete* dictionary yet printed."

The *Boston Daily Traveller*: "In point of completeness *it is without a peer* in our language."

The *New York Tribune*: "A comparison with the Century Dictionary leads to the inference that the Standard has made a *dis-*
tinguished advance."

The *Critic*: "On the whole, the Standard *surpasses all its predecessors.*"

The *London Saturday Review*: "In substantial merit we think it *decidedly preferable to the much advertised Century.*"

Notes and Queries: "It is *very greatly in advance* of any dictionary, in either England or America.

Now listen to a few private critics. Prof. Peabody of Harvard: "It will last while the English language remains *essentially un-*
changed."

Prof. Spiker of John Hopkins: "I am already convinced of its *superiority.*"

Prof. Meloskie of Princeton: "I am satisfied that it will take its place as the *best dictionary* of our language."

Prof. Dolbear of Tuft's College: "*It is an ideal work,* with which I am so well satisfied that I feel like commending it to *every-*
body, being sure no one will ever regret its possession."

Dr. J. Palmer, one of the seven leading editors of the Century, says: "After careful scrutiny of the published volume, *I do not*
date to say that the Standard Dictionary is triumphantly the best of all English word books."

That great novelist, Dr. A. Conan Doyle says: "It has become quite a joke with us that we cannot trip it up."

Archdeacon G. F. Williams: "I far prefer it to the Century, and can say in a word that it is all a scholar, student, or person in
ordinary life can possibly desire."

Are not these few eulogiums sufficient to excite your interest? They are typical of many thousands, from men and women best
able to judge. Here are a few facts that convinced us, before we had read a single testimonial. The Standard contains *341,333*
words. The Century Dictionary has but 225,000. The Standard has *99 departments,* whereas the Century has only 80. The
Standard has had the services of *247 editors.* The Century only 81.

The Standard has cost more than a million dollars, the largest sum ever put into a single American work. The Century complete
costs from \$70 to \$105. The Standard to our members, costs only from \$12.00 to \$22.00 complete. We strongly advise you to send
sample sheets at once.

In a short time the publishers will charge \$3.00 more for the work.

HERE ARE THE PRICES.

The volume complete:

Half Russia	\$12.00
Full Russia.....	14.00
Dennison's patent index. Full Morocco.....	18.00

Remember that the half Russia binding has no Patent Index.

Pianos.

THE PURITAN AND PEERLESS.

Out of the vast number of different makes of high grade Pianos, we have selected two as most worthy of a place in our catalogue. In making this selection we were governed by two motives, first, to get an absolutely first-class instrument, one that would please the best class of trade; and second, to get such a piano direct from manufacturers so that we could furnish it at a price that would be within the reach of all. Realizing that one has to pay from \$100 upward for the mere name of a piano, we have dispensed with that extra cost to our patrons by engaging two of the largest Piano manufacturers in this country to each furnish us their best Piano and allow us to do the naming. The construction of these Pianos both inside and out is guaranteed to us to be identical to their best made which is sold exclusively through their agents at from \$100 to \$200 more than the retail price at which we have marked these. From which prices we are further able to give our patrons quite a liberal discount, which will be seen by a comparison of the retail with our price given below. THE PURITAN is made by an old and celebrated New England Piano Company and is guaranteed to be as good as they make, the only difference being in the elaboration and carving of the cases. THE PEERLESS is all its name implies and if you are needing a piano you can make no mistake in purchasing either one of the following.

PEERLESS.

Style K. Upright Grand.

7 1-3 Octaves; Strong Iron Plate, Overstrung Bass, Repeating Action, Nickel Plated Continuous Hinge, Closed Engraved Panels, Carved Trusses, High Art finish. Unequaled in volume of Tone and Quality.

We can furnish you almost any make of a Piano and invite correspondence. If you have decided upon any particular instrument it will pay you to try us before purchasing elsewhere.

Parlor, Style 40.

Style 15. Made in solid black walnut, very handsome and substantial, built to meet the demand for large halls and churches. Has sufficient volume to fill a hall of 500 seating capacity. Solid massive case, genuine French burr, veneered and carved raised panels; finely finished inside and out; three-ply built-up stock in bellows, with extra heavy rubber bellows cloth; brocade silk velvet plush back of all frets, and on lampstands; pedals covered with plush carpet; handsome organ for churches, Sunday-schools, or lodge rooms.

Grand Chapel Style 15.

**Dimensions.**

Height, 81 inches. Length, 48 inches. Depth, 23 inches.

Weight, Boxed, 375 Pounds.

This case ranks high in order of Architecture. It is entirely new in design, and handsome in appearance. The free-hand Carving and Turning is costly, but modern taste demands the latest and best, and we consider this one of our handsomest cases. It has large, bevel plate mirrors in each outside panel, adding to the beauty of the case.

No. 40. 5 Octave Action.

Contains 5 Octave Action of 4 sets of reeds. Two of three Octave, two of two Octave each. Eleven (11) stops as follows:

Diapason. Dulcet. Principal. Crenoma. Vox Angelica.
Bass Coupler. Melodia. Echohorn. Celeste. Treble Coupler.
Grand Organ and Knee Swell, 122 Reeds.

Retail, \$110.00 Our price, \$55.00.

Dimensions.

Height, 57 inches. Length, 50 inches. Depth, 24 inches.

Weight, Boxed, about 375 pounds.

5 Octave Action.

Contains 9 sets of reeds. Four of three Octave, four of two Octave, and one of one Octave. Fifteen (15) stops as follows:

Sub Bass. Bourdon. Diapason.
Dulcet. Delicato. Principal.
Bass Coupler. Melodia. Echohorn.
Clarinet. Celeste. Flute.
Treble Coupler. Vox Humana. Cello.
Grand Organ and Knee Swell, 257 Reeds.

This action used in Grand Chapel only.

Retail, \$150.00 Our price, \$75.00.

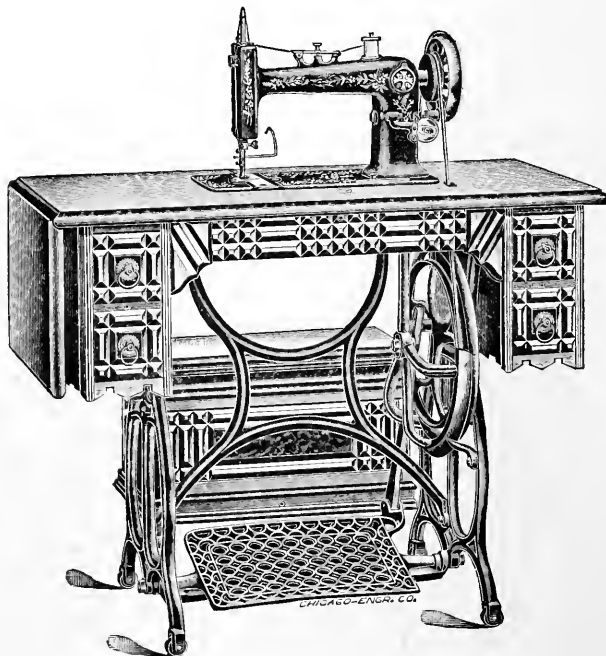

We are in a position to furnish you any other make of Organ. If you are contemplating the purchase of any other it will pay you to correspond with us.

Sewing Machines.

While we can supply any make of machine desired, we have selected the New Improved High Arm Singer and the New Improved Goodrich as being worthy of special mention and illustration. It is an open secret that the actual cost of the best grade sewing machine does not exceed nine or ten dollars and the extra cost to the consumer is made up of profits, expenses and commissions of agents and advertising. We are convinced that the High Arm Singer and the New Improved Goodrich are as good as any machines on the market at any price. We have sold a quantity of them to our New England trade and will gladly furnish names and addresses of purchasers on application, to whom you can write in confirmation of the foregoing statements.

OUR NEW IMPROVED HIGH ARM SINGER SEWING MACHINE combines the time-tried mechanical principles of the original Singer with all the modern improvements known or found in a first-class family sewing machine. We chose the principles of the old and original Singer because they have been proved for a period of over forty years to be one of the best and most reliable combinations for a sewing machine ever produced. It is well known that patent rights expire after a certain time and become public property and then competition lower prices to a reasonable level. While the manufacture of Singer machines was covered by patents, they commanded exceedingly high prices. Our new machines contain all the vital points and advantages of the Singer patents (now expired), besides embodying all the modern and desirable features found in other high grade machines sold for twice the money we ask for either of these. Both these machines are guaranteed for five years, and a complete set of attachments is given free with each machine. They have all improvements and are as good as any family need want.

NEW IMPROVED GOODRICH.

		Retail	Our Price.
Style 3.	3 Drawers,	\$50.00	\$17.50.
Style 4.	5 Drawers,	55.00	21.00.
Style 5.	7 Drawers,	60.00	23.00.

NEW IMPROVED HIGH-ARM SINGER.

BEST VALUE FOR THE MONEY EVER OFFERED.

Each machine is furnished with the following equipment of tools and accessories; one foot hemmer, one screw driver, one wrench, one oil can and oil, one gauge, one extra throat plate, one extra check spring, one package of needles, six bobbins and book of instructions.

Style 4, 5 drawers, Retail, \$45.00 Our price, \$18.75.

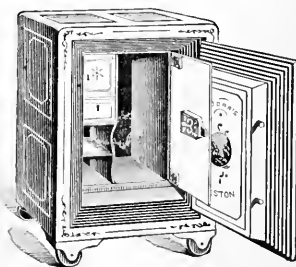

We still furnish the Low-Arm Singer, listed in our previous catalogue, at \$12.50. The High-Arm is very much more desirable.

Style No. 4.

HOUSEHOLD FIRE-PROOF SAFES.

Large farmers, stock raisers, cattle dealers and business men living in country towns and villages, require a *Fire-Proof Safe* in the use in case of fire on the premises, or if ordinary burglars are travelling around. Aside from the necessity of keeping money in a safe for ready use, or over night or Sunday, your deeds, mortgages and valuable papers should not be kept in trunks, desks, or bureaux. Silverware, jewelry, etc., would not be stolen so frequently if kept in a family safe. We furnish well built Safes of the following measurements and prices.

	OUTSIDE.			INSIDE.			WEIGHT.	Retail.	Our Price.
	High.	Wide.	Deep.	High.	Wide.	Deep.			
24	15	15		12	8	9	250 lbs.	\$25.00	\$20.00
17	12	14		12	8	9	140 lbs.	20.00	16.00
28	18	1-2	19	15	10	12	450 lbs.	35.00	27.00
31	21	1-2	21	17	13	1-2	700 lbs.	40.00	32.00
34	22	1-2	24	19	1-2	14	900 lbs.	50.00	42.00

These safes have *Combination Lock, Nickel Plated Lever and Dial* and a *Sub-Treasury* with iron door and lock and key. No. D has an inside iron door, and all are warranted to be *Fire-Proof*.

ANOTHER LINE OF TALLER, HEAVIER SAFES.

Extra well built and with inside plan made to suit can be furnished as follows.

No.	OUTSIDE.			INSIDE.			Weight.	Retail.	Our Price.
	High.	Wide.	Deep.	High.	Wide.	Deep.			
60	31 1-2	20 1-8	20 1-2	17 1-2	12 1-8	13	600 lbs.	\$50.00	\$40.00

No. 55.

All ware listed "Anti-Rusting," is made by the Clifton Springs Mfg. Co., and is warranted. It is the cheapest in the end.

We have sold it through New Hampshire and Vermont and it has given entire satisfaction. Those who ordered once having ordered again. It has a perfect Anti-Rusting Device.

THE PEERLESS STEAM COOKER.

Received the HIGHEST AWARD over all competitors at the World's Columbian Exposition. Acknowledged by thousands to be the very best.

Advantages.

A whole dinner can be put in AT ONCE, COVERED UP and LET ALONE until ready to serve.

A poor cook cannot spoil a meal if she tries.

A good cook can cook better with one than without it.

No steam or odor escapes into the room.

The meal may be kept for hours without spoiling.

No. 1. B. 6 Gals. Everything cooked in it is healthy and more easily digested than when cooked by any other method.

It saves nearly one-third of the food that is lost by the ordinary methods.

All the nutriment, richness and flavor of the food is retained.

It saves the labor of watching.

Burning, scorching, smoking, or over-cooking is impossible.

It never boils over.

No.

THE STAR CHURN.

Is the latest improvement in Barrel Churns, patented Oct. 9, 1888, March 18, 1890, and Sept. 8, 1891. It is a model of beauty and convenience. It embodies all the merits of the Boss churn, and it has many advantages over the Boss.

It has a very narrow rim, which is very strong and substantial, and is not liable to break, as the cover simply rests on it.

The fastenings are attached to the outside of the churn, and will be seen from the cut that the bails and cover fastening is compound leverage which increases the pressure ten times more than any other make of churn.

It is absolutely impossible for this churn to leak as the wear can be taken up as simply and easily as any one can turn a dumb nut.

After twenty years of practical experience in the manufacture of Barrel Churns. The manufacturer now offers the "STAR" as the best and simplest Churn in the market.

F. O. B. Factory.

The prices at which we sell these churns are much lower than they ought to bring compared with others now on the market.

THE CELEBRATED

KALAMAZOO FEED COOKER.

We claim the KALAMAZOO BOILERS to be the best in the market, for the following reasons: They are made of heavier and better material, and as they have a number of boiler flues passing directly through the water, thereby distributing the heat, they require less fuel than other boilers, and the boiler is provided with grates, which adapts them to the burning of all kinds of fuel, such as coal, wood, corn cobs, etc. Any careful buyer can readily see that the Kalamazoo Boilers or Feed Cookers, manufactured from the quality and weight of material used in these boilers, are capable of running and giving good service for an unlimited number of years.

THE KALAMAZOO STEAM BOILER will cook or steam any kind of feed placed in a barrel or vat, with but little care and without danger of burning; thus overcoming the objections to a kettle or cauldron. It will steam *monly* hay and corn perfectly sweet; steam *dry corn stalks and straw* so they will become soft and palatable, and *cook potatoes* so as to render them digestible and valuable for feed. It will also enable a farmer to save *one-third to one-half of his corn* and other feed, and at the same time make him *thrice better*. It will *save labor in feeding* rather than increase it, as stock fattens far faster when their feed is cooked.

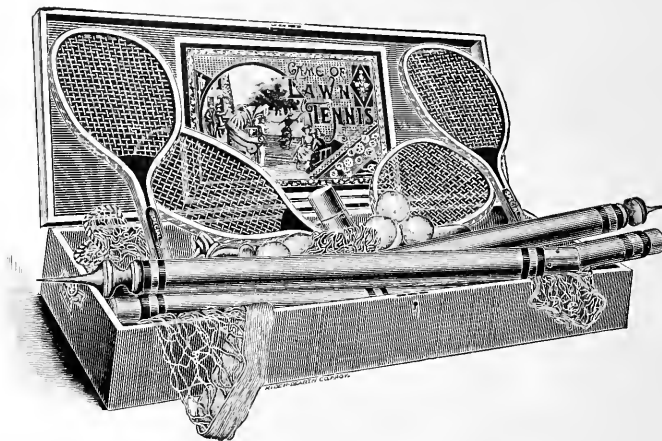

The trimmings include two gauge cocks, blow off cock, pump for supplying the boiler with water, safety valve, 2 ft. 6 in. suction hose, three feet steam pipe, with valve to convey steam to barrel or vat, for cooking feed or boiling water.

We wish to call your attention to the fact, that one of the strongest points of the Kalamazoo Boiler is, that it is furnished with a force pump, so the operator may put water in at any time without letting down the steam and stopping the progress of the cooking.

Small Hardware

As a full list of all lines would require more space than we can devote to this department we would request our members to write to us for anything in this line and we will fill the order promptly and at the very lowest prices. All our hardware is of the very best makes and must not be classed with the cheap, worthless stocks that infest the markets and claim to be the "best." If you will send us your orders for anything in the hardware line we guarantee to give you full satisfaction, both in quality and price.

A. C. T. HORSE HOE AND CULTIVATOR.

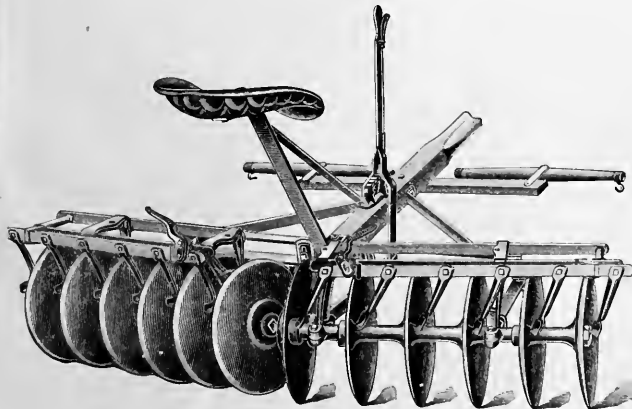

Showing lever expansion Horse Shoe and Cultivator.

CONSTRUCTION.—The frames, standards and teeth are of the best quality steel; wheel frames are malleable iron. They are always furnished with adjustable handle braces running from outsides of handles to outsides of frame, greatly stiffening and strengthening the tool. Furnished with either "Chisel" or "Oval" teeth.

	Retail.	Our Price.

Cahoon Broadcast Seed Sower, hand machine. It can be gauged to sow as much or as little to the acre as may be desired.

Retail, \$5.00. Our Price, \$3.50.
Any other makes of Cultivators, Harrows or Sowers furnished. These are the best.

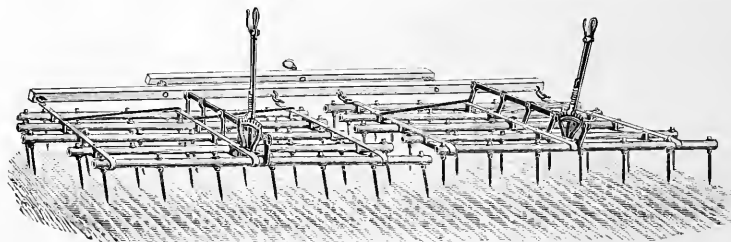

THE ZEPHANIAH BREED WEEDER AND CULTIVATOR.

This is a great improvement over the old Breed Weeder, and large farmers, who have tried the four best Weeders on the market, declare this to be worth \$100 to taking the others as a gift. It is a "Sulky" as well as a "Walking" machine. With its curved, springy, steel teeth the tooth that strikes a stone, lifts over it and that one only, leaving the other teeth at work, instead of lifting many other teeth with it. Rocks, stones and small stumps will not break the fingers.

No.		Weight.	Retail	Our Price.

THE KOKOSING CUTTER.

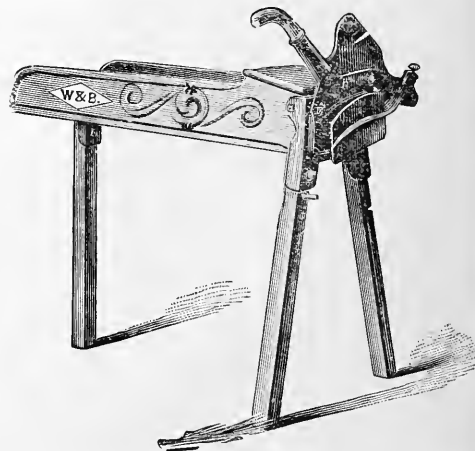

READY TO SHIP

READY FOR WORK

It has a 11-inch knife, an automatic feed and can be changed in a moment to cut various lengths. It is made entirely of hard wood, finished in the natural color, is as handsome as a piece of furniture and is the most durable cutter of the kind ever made. All things considered, it is the cheapest hand feed cutter offered to the trade, and is destined in time to take the place of all others wherever it is introduced. It has a good capacity and does its work rapidly and with ease. Ret. \$18. O. P. \$12.50.

THE W & B LEVER CUTTER.

This is a light, compact machine, and is the easiest working and most convenient Cutter on the market.

Has 11 inch keen edged curved knife and an adjustable gauge-plate for cutting different lengths.

Will cut Hay, Straw, or Fodder and give entire satisfaction. Retail, \$6.00 Our price, \$3.50.

LIGHTNING HAY KNIFE.

A Good Thing. Retail, \$1.00. Our Price, 75c.

Save your Trees! Destroy the Caterpillars!

THE ASBESTOS TORCH

Sure Destruction to All Insect Life.

Attach the torch to the end of a pole of suitable length; saturate with Kerosene Oil, light, and hold under the caterpillars' nests and pass quickly along the branches and around the trunk of the trees where the insects lodge. The great heat instantly destroys the insects.

If properly applied the flame cannot injure the tree or plant, and this Torch will save annually many dollars and much vexation.

The cup is filled with asbestos, which when saturated with kerosene oil and lighted will burn 30 minutes or more before the oil is consumed.

The asbestos remains uninjured and can be used indefinitely.

We can furnish two styles—the *Straight Torch*, and the *Globe Torch* in which the socket is curved away from the cut itself.

Retail 50c. each, or \$5.00 per doz. Our price 40c. each, or \$4.00 per doz.

**CORN PLANTER.**

This tool is manipulated by one hand, and is used as a person would handle a walking stick. It will plant as fast as a person can walk.

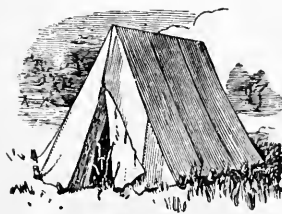

Retail, \$3.50. Our Price, \$1.75

Commission Department.

In the way business is conducted under the old method, farmers sell their produce at wholesale prices and take goods in exchange at retail prices. In this way the retailer makes two profits—a profit on what he buys and on what he sells; whereas the producer realizes merely a small wholesale profit on what he turns in to pay for his goods.

We do not claim to be able to entirely equalize matters along this line as they should be, but feel confident that we are in a position to do farmers a great deal of good if they will only appreciate it and do their part toward carrying out our plans.

It is a part of our general purpose to dispose of all kinds of marketable farm produce at the *highest* wholesale market prices for our patrons, and to sell them their various supplies in return at the *lowest* wholesale prices.

Of course it is well understood that our plan is, primarily, to furnish all kinds of merchandise direct to consumers, and we handle your produce merely as an accommodation, depending for our remuneration upon the small discounts allowed us by the wholesalers and jobbers for paying cash for the goods you buy of us in return.

This is Co-operation in its most practical form, and we are confident it must appeal strongly to the judgment of every farmer who has given the subject much study.

We are very careful to place your produce with *reliable houses only*, and those who are in a position to command the best class of trade and therefore the best prices. But our members must expect to allow us reasonable time for the sale of consignments and the collection of proceeds.

Where parties expect cash remittances for their produce we of course must deduct the regular commission for our company, but we would much rather not handle your produce in this way as frequently prices might fall below your expectations and you would think hard of us when we were not to blame. Remember we can furnish anything you need and it is no more than fair that you should patronize us when we take the pains to sell your produce for you.

Write for shipping tags when you wish to send us your produce.

GRAIN AND FEED.

We are in a position to furnish our patrons Grain and Feed by the Car Load at a saving of about \$2.00 per ton. We can not ship in less than car load lots so as to make it an object to you. Where two or three patrons combine and order together we can send a Car load. The grain business, however, is strictly cash and we cannot possibly ship unless cash accompanies the order or the same is guaranteed to the Shippers in the form of an acceptance of their Draft. We act merely as your Agent in the matter and the amount of our commission is so small that it becomes more a matter of accommodation than business for us. We will gladly do our part, however, and you can rely on getting good grades of goods if you buy through us.

FARM AND GARDEN SEEDS.

We can also furnish our patrons all kinds of farm and garden seeds at a small discount. We will gladly quote prices on application.

LEATHER.

We can save Harness Makers and Shoe Makers a good margin on almost any brand or grade of leather desired. Confidential prices quoted on application.

SPECIAL NOTICE.

Write us in regard to anything else not listed in this catalogue and we will gladly quote prices. We only ask that you enclose a stamp or reply. The catalogue does not contain a thousandth part of the goods we are able to furnish, but lists only what is in most constant demand.

Agent.

Testimonials.

New England Merchandise Co.—

My family is well pleased with the goods you have furnished us. I have saved over \$14 on pens, clock, skates, dress goods, china, reading glass, books, etc. I shall order another fountain pen soon. Yours,
B. B. CHOATE.

LAWRENCE, Jan. 16, 1894.

New England Merchandise Co.—

GENTLEMEN:—I saved six dollars on a twenty dollar overcoat, purchased through your company, which is four dollars over and above my regular (minister's) ten per cent. discount.

BOSTON, Jan. 20, 1894.

New England Merchandise Co.—

Please excuse delay in acknowledging the receipt of the oil stove. The best I have ever had. Will give you another order soon.
Respectfully,
G. C. TENNANT, Dentist.

PHENIX, R. I., Mar. 19, 1894.

New England Merchandise Co.—

All the articles I ordered from you arrived in good order and condition and are very satisfactory. The 40 yards of duck are just what I wanted.

I don't think I will buy a plow this spring, but am much obliged for the price list you sent. Your price was \$2.80 less than I can get the same thing for here.

Respectfully,
CHRISTOPHER BROWNING, JR.

ARCTIC R. I., May 14, '94.

New England Merchandise Co.—

GENTLEMEN:—I received the watch all right and I can say it is just what I ordered in every way and O. K.

Yours,

JAMES INGHAM, Box 191, Arctic R. I.

1016 Tremont St., BOSTON, June 21, 1894.

New England Merchandise Co.—

DEAR SIR:—Am much pleased with your prompt attention to all orders and with your kind courteous treatment.

Have already saved several times the amount of membership fee.

WM. P. HOUSTON, D. D. S.

QUAKER CITY, N. H., Dec. 29, 1894.

New England Merchandise Co.—

SIRS:—Your judgment of goods selected gave perfect satisfaction, for which accept our thanks.

Respectfully,

MRS. S. G. BREED.

WHITEFIELD, N. H., Dec. 7, 1894.

New England Merchandise Co.—

GENTS:—I received the goods ordered of you all in good shape, and quality fully satisfactory. Enclosed find an order for goods with check enclosed for same. • • •

Yours Respectfully,

L. J. CLEMENT, Sunny Side Farm.

HAVERHILL, N. H., MAR. 18, 1895.

New England Merchandise Co.—

DEAR SIR:—By the aid of Mr. R. L. Fortney in buying a lot of furniture, I saved twenty dollars and thirty cents. I am in hopes to be in Boston soon and may try to get a little more assistance from you.

Respectfully Yours,

J. G. KIMBALL.

WOODSVILLE, N. H., MARCH 19, 1895.

New England Merchandise Co.—

Yours of the 14th, at hand. Will say that the Kalamazoo Steam Feed Cooker gives perfect satisfaction. I like it for warming the water for the stock, and the steam is carried 75 feet in pipes. It can be used where I cannot use other heaters. You furnished us the Cooker for less than I could order one direct from the manufacturers, and after you had shipped it you gave me another discount. We were perfectly satisfied with our deal with you and will send another order with this for you to fill out for us.

Respectfully yours,

H. G. MARSTON.

GILSUM, N. H., March, 23, 1895.

New England Merchandise Co.—

DEAR SIR:—It gives me much pleasure to say that we like the "Star Churn," purchased of you very much, and consider it A. No. 1 in all respects.

Yours truly,

M. J. KIDDER.
